WORK EXPERIENCE

BrightPixel Studio **SENIOR FRONTEND DEVELOPER**
Remote 2022 – Present

Led migration of a marketing platform to Next.js and TypeScript, improving Core Web Vitals and reducing page-load time by 38%. Built a reusable component library and a Storybook workflow that shortened UI delivery cycles across product squads.

Nova Commerce **WEB DEVELOPER**
Barcelona, Spain 2019 – 2022

Developed responsive e-commerce features with React, Redux, and Node.js for multi-market storefronts. Integrated analytics, payment, and CMS APIs while maintaining strong performance and code quality standards.

Blue Leaf Digital **FRONTEND DEVELOPER**
Madrid, Spain 2017 – 2019

Delivered custom brand websites and campaign microsites with a strong focus on pixel-perfect execution. Collaborated with UX teams to translate visual concepts into scalable interfaces using modular Sass and JavaScript.

EDUCATION

Complutense University of Madrid **B.SC. IN COMPUTER SCIENCE**
Madrid, Spain 2013 – 2017

Focus on software engineering, web technologies, and human-computer interaction with a strong emphasis on product-oriented development.

Certificates & self-driven training **CONTINUOUS LEARNING**
Online Ongoing

Modern React architecture, web accessibility, performance optimization, and product design collaboration through certificates and ongoing technical programs.

SELECTED PROJECTS

DESIGN SYSTEM STARTER React, Storybook, Tokens
A reusable UI starter for marketing and SaaS teams, including theming, accessibility primitives, and release-ready documentation.

PROFILE

Frontend-focused web developer with 7+ years of experience building fast, accessible, and conversion-driven digital products. Strong in React ecosystems, design systems, and collaborating closely with product and design teams to deliver clean user experiences.

SKILLS

FRAMEWORKS

React / Next.js
Node.js / Express
Vue / Nuxt
Laravel

PROGRAMMING LANGUAGES

TypeScript
JavaScript (ESNext)
HTML / CSS / Sass
SQL
PHP

LIBRARIES

Redux Toolkit
Tailwind CSS
TanStack Query
Jest & Testing Library
Framer Motion

TOOLS

Standardized components and documentation patterns for faster onboarding and more predictable UI implementation cycles.

PORTFOLIO ANALYTICS DASHBOARD

Next.js, Charts, API Integrations

A lightweight dashboard that aggregates campaign and product metrics into a clean decision-making interface.

Combined SSR performance with clear visual reporting and export-ready views for product and marketing teams.

HEADLESS COMMERCE FRONTEND

Next.js, Stripe, CMS

A high-conversion storefront focused on fast navigation, rich product storytelling, and editorial flexibility.

Implemented dynamic content sections and optimized checkout-related user journeys to reduce friction and improve conversion quality.

Git / GitHub

Storybook

Docker

CI/CD Pipelines

Vercel / Netlify
