WORK EXPERIENCE

BrightPixel Studio

Remote

SENIOR FRONTEND DEVELOPER

2022 – Present

Led migration of a marketing platform to Next.js and TypeScript, improving Core Web Vitals and reducing page-load time by 38%. Built a reusable component library and a Storybook workflow that shortened UI delivery cycles across product squads.

Nova Commerce

Barcelona, Spain

WEB DEVELOPER

2019 – 2022

Developed responsive e-commerce features with React, Redux, and Node.js for multi-market storefronts. Integrated analytics, payment, and CMS APIs while maintaining strong performance and code quality standards.

Blue Leaf Digital

Madrid, Spain

FRONTEND DEVELOPER

2017 – 2019

Delivered custom brand websites and campaign microsites with a strong focus on pixel-perfect execution. Collaborated with UX teams to translate visual concepts into scalable interfaces using modular Sass and JavaScript.

EDUCATION

Complutense University of Madrid

Madrid, Spain

B.SC. IN COMPUTER SCIENCE

2013 – 2017

Focus on software engineering, web technologies, and human-computer interaction with a strong emphasis on product-oriented development.

Certificates & self-driven training

Online

CONTINUOUS LEARNING

Ongoing

Modern React architecture, web accessibility, performance optimization, and product design collaboration through certificates and ongoing technical programs.

SELECTED PROJECTS

DESIGN SYSTEM STARTER

React, Storybook, Tokens

PROFILE

Frontend-focused web developer with 10+ years of experience building fast, accessible, and conversion-driven digital products. Strong in React ecosystems, design systems, and collaborating closely with product and design teams to deliver clean user experiences.

SKILLS

FRAMEWORKS

Angular 

Ionic 

LitElement 

StencilJS 

AngularJS 

Angular Native Federation (Microfrontends) 

React / Next.js 

Node.js / Express 

Vue / Nuxt 

Spring Boot (Java) 

PROGRAMMING LANGUAGES

TypeScript 

JavaScript (ESNext) 

HTML / CSS / Sass 

SQL / PLSQL 

PHP 

Java 

A reusable UI starter for marketing and SaaS teams, including theming, accessibility primitives, and release-ready documentation.

Standardized components and documentation patterns for faster onboarding and more predictable UI implementation cycles.

PORTFOLIO ANALYTICS DASHBOARD Next.js, Charts, API Integrations

A lightweight dashboard that aggregates campaign and product metrics into a clean decision-making interface.

Combined SSR performance with clear visual reporting and export-ready views for product and marketing teams.

HEADLESS COMMERCE FRONTEND Next.js, Stripe, CMS

A high-conversion storefront focused on fast navigation, rich product storytelling, and editorial flexibility.

Implemented dynamic content sections and optimized checkout-related user journeys to reduce friction and improve conversion quality.
