Work Experience

Senior Frontend Developer

2022 – Present

BrightPixel Studio

Remote

- Led the migration of a marketing platform to Next.js and TypeScript, improving Core Web Vitals and reducing page-load time by 38%.

- Built a reusable component library and Storybook workflow that shortened UI delivery cycles across product squads.

- Partnered with designers and SEO stakeholders to ship accessible landing pages, dashboards, and experiment-ready templates.

Web Developer

2019 – 2022

Nova Commerce

Barcelona, Spain

- Developed responsive e-commerce features with React, Redux, and Node.js for multi-market storefronts.

- Integrated analytics, payment, and CMS APIs while maintaining strong performance and code quality standards.

- Mentored junior developers and introduced pull-request checklists that improved collaboration and release confidence.

Frontend Developer

2017 – 2019

Blue Leaf Digital

Madrid, Spain

- Delivered custom brand websites and campaign microsites with a strong focus on pixel-perfect execution.

- Collaborated with UX teams to translate visual concepts into scalable interfaces using modular Sass and JavaScript.

Selected Projects

Design System Starter

React, Storybook, Tokens

Languages

Spanish — Native ●●●●●

English — Professional ●●●●●

French — Conversational●●●●●

A reusable UI starter for marketing and SaaS teams, including theming, accessibility primitives, and release-ready documentation.

- Standardized components and documentation patterns for faster team onboarding.

Portfolio Analytics Dashboard Next.js, Charts, API Integrations

A lightweight dashboard that aggregates campaign and product metrics into a clean decision-making interface.

- Combined SSR performance with clear visual reporting and export-ready views.

Headless Commerce Frontend Next.js, Stripe, CMS

A high-conversion storefront focused on fast navigation, rich product storytelling, and editorial flexibility.

- Implemented dynamic content sections and optimized checkout-related user journeys.

Education

B.Sc. in Computer Science 2013 – 2017

Complutense University of Madrid

Madrid, Spain

- Focus on software engineering, web technologies, and human-computer interaction.

Continuous Learning Ongoing

Certificates & self-driven training

Online

- Modern React architecture, web accessibility, performance optimization, and product design collaboration.
